## War Office Reverses Stand, Says Camp Coming

### LATEST REPORT INDICATES JOB WILL BE DONE

However, Agriculture Office Hints No Decision Has Been Disclosed

GEORGE FARREL QUOTED

Several Changes In Plans Within Few Days Have District Uncertain

A Chillicothe youngster, selling an "extra" published in that city Wednesday night concerning the War department decision to go ahead with the camp, stated the camp situation perfectly. He said to a youngster selling papers with him: "We'd better hurry up and sell these before the Army changes its mind again." He was overheard by a Circleville person who was in Chillicothe at the time.

Question concerning construction of an Army cantonment continued to rage through the Circleville district Thursday following additional conflicting news reports from the nation's capital. The War department announced in Washington, D. C. at 4 p. m. Wednesday that its decision had been reversed concerning the Pickaway-Ross county camp and that it will be constructed at cost in excess of \$5,000,000.

The message from Washington said the contract for construction had been let to Mills, Rhines, Bellman and Nordhoff, Inc., and H. P. Jones and Co., Toledo.

However, Robert L. Immel, a member of the Pickaway and Ross county farm organization which has been urging the War department to establish the camp elsewhere, said that he was in telephone conversation for six minutes Thursday morning with George E. Farrel, who is in charge of agricultural department relations with the war office in Washington. (Continued on Page Two)

Bagging six Japanese planes in a single dogfight, Lieut. Edward O'Hare, above, of St. Louis, Mo., established what is believed a World War II record. O'Hare, 27, is a graduate of the United States Naval academy at Annapolis, Md.

## Arrangements Made For High Street Pupils To Resume Their Classes

Part of the 300 pupils of High street school, on vacation since Monday when the school's boiler installed in 1893 broke down beyond repair, were returning to classes Thursday afternoon and the remainder will resume their studies Friday.

The board of education in session Wednesday evening decided to "stagger" lower grades at the High street building, and to send pupils of the fifth and sixth grades to Corwin street building.

### VIERECK'S FATE TO BE DECIDED LATE THURSDAY

WASHINGTON, March 5—Fate of George Sylvester Viereck, on trial for improper registration as a foreign agent with the state department, is expected to be placed in the hands of a federal district court jury today.

All that remains before the jurors begin their deliberation is the rebuttal argument by the government, and the charge by Justice F. Dickinson Letts. Chief Prosecution Counsel William P. Maloney indicated his rebuttal would be brief, taking "probably not more than 15 minutes."

Court attaches estimated the (Continued on Page Two)

### BOYS SELL \$13,400,000 IN U. S. DEFENSE STAMPS

WASHINGTON, March 5—Surpassing all early expectations, the sale of United States Defense stamps by newspaper carrier boys totaled more than \$13,400,000 in nine weeks, the treasury department announced today.

Carrier boys for 167 participating newspapers in 48 states, the District of Columbia and Hawaii, have sold 134,443,729 defense stamps to American newspaper readers, according to Howard W. Stodghill, chairman of the newspaper advisory committee.

The 125,534 newsboy stamp salesmen in 587 cities will have sold more than \$20,000,000 by the second week in March, Stodghill predicted.

### 'THOUSANDS' OF JAPS KILLED IN SUBIC BAY RAID

War Department Says U. S. Bomb Attack Fatal To Many Nipponese

THREE SHIPS GO DOWN

Search Made For Enemy's Plane Carrier Near Hawaiian Isles

WASHINGTON, March 5—The War department today revealed that Gen. Douglas MacArthur's surprise air raid on enemy ships in Subic bay executed yesterday cost the Japanese "thousands" of soldiers, possibly as many as 5,000 killed or wounded.

The raid sent three enemy troop ships to the bottom totalling 30,000 tons, with each vessel normally carrying from one to two thousand troops, according to military estimates.

Details were revealed in a War department communique. "It is believed that thousands of enemy soldiers were drowned when the vessels sank, or were killed as a result of explosions of ammunition carried on board the ships," the communique said.

Honolulu "Visited" At the same time, the War department admitted that a single enemy plane had dropped "several bombs" near Honolulu but did no damage.

Only a meager explanation for the second known attack since Pearl Harbor was offered when the War department stated that the airplane was believed to have come from a Japanese vessel. How the plane circumvented U. S. detector devices was not made clear.

However, the communique asserted:

"Unfavorable weather conditions, with poor visibility, hampered the search which immediately was undertaken by our aircraft."

Further details on the surprise air raid staged by MacArthur's forces added to the amazing exploits of the defending troops who have held out in the Philippines for nearly 13 weeks.

MacArthur disclosed that none of his tiny air force was damaged. He also pointed out that "it was the first time since the war began that no enemy aircraft was present during an action."

### REYNOLDS A SKS PAY BOOST FOR MEN IN SERVICE

WASHINGTON, March 5—Sen. Reynolds (D) N. C., chairman of the Senate military affairs committee, today endorsed a proposal by a special subcommittee to increase pay of soldiers, sailors and marines.

Despite lack of budget bureau approval, the subcommittee proposed a pay increase estimated to cost \$250,000,000 annually. The plan would make base pay of soldiers \$42 monthly and would provide increases for all enlisted men and non-commissioned officers of Army, Navy and Marine corps. An increase in officers' pay would be limited to ensigns and second lieutenants who would get a boost from \$1,500 to \$1,800 a year.

"I am in favor of the plan and I shall try to get it before the full committee this week," Reynolds said.

Congress recently enacted a provision granting enlisted men serving overseas a 20 percent boost increase in pay, with officers being granted a 10 percent increase.

### STOCK MARKET SLIDES

NEW YORK, March 5—The stock market lost further ground today, marked by a crackup of seven points in U. S. Rubber preferred to a new low.

### MICHIGAN'S BEES GET SUGAR; U. S. SAYS SO

LANSING, Mich., March 5—Michigan's millions of honey bees today enjoyed priorities in regard to sugar.

Following his return from Washington, Commissioner of Agriculture Leo V. Card announced he had permission to release some 600,000 pounds of sugar to farmers for their bees until flowers bloom again. "Without this sugar," Card said, "honey bees would starve during the winter months."

### THIRTY KILLED IN IOWA BLAST

Ordinance Plant Scene Of Explosion; Some Victims Are Identified

BURLINGTON, Ia., March 5—Thirty men were believed killed and 50 injured today in an Iowa ordinance plant shell loading building explosion which rocked the entire city of Burlington shortly before midnight last night.

Coroner R. O. Giles said at 7 a. m. he could account for 15 dead, but that at least that many more bodies were believed to be in the building.

Cause of the explosion, in one of the three shell loading buildings, has not been determined. Officials of Day & Zimmerman, Inc., operators of the plant, and the War department said.

The explosion was heard for 25 miles. It shook houses and buildings throughout the city, waking up thousands of people most of whom rushed for their telephones.

Fifteen of the dead were in Burlington undertaking parlors.

Known dead were:

Circleville's third annual Corn and Soybean show was on Thursday and those in charge pronounced the exhibits on display in Memorial hall the finest ever shown in the city.

Thursday morning the exhibits were being judged by Charles Shasteen of Chillicothe and Homer Smith of Jeffersonville. A total of 151 entries, 140 in the corn division and 11 in the soybean show, is on display. Largest number of entries was listed in the single ear class, Arthur Johnson, chairman in charge, reporting that 31 ears had been entered.

The show opened to the public at 1 p. m. and the entries will remain on display until 6:30 p. m.

A banquet to be held in Pickaway Arms restaurant will climax the show Thursday evening. Speaker at the banquet will be Professor H. R. Cottoman of Capital University.

Twelve persons were killed and 25 wounded in the attack, carried out by 90 bombers, the broadcast said.

"The freighter was built to carry only 12 passengers," CBS reported. It was the last big vessel to leave Singapore. Women with babies only a few days old were among the refugees."

### 10 MANGANESE PLANTS TO BE BUILT BY U. S.

WASHINGTON, March 5—The Reconstruction Finance corporation today mapped plans for financing construction of 10 new manganese plants designed to produce more than 600,000 tons of the vital steel alloy annually.

Announcing the expansion program, William L. Batt, director of materials for the WPB, said that it "is one of insurance rather than immediate and pressing necessity."

"In addition to the reserve supply now in this country, shipments still are being received from abroad and considerable quantities are coming from South America," he said.

Batt pointed out that the United States has never been more than a negligible producer of manganese because deposits in this country are low grade and present difficult engineering and technical problems in their recovery. Only 30,000 tons were produced domestically in 1939 and 40,000 tons in 1940.

The impetus of war and the threat of disruption of shipments from abroad, however, have brought about a successful culmination to many years of research for methods to recover manganese from domestic deposits, Batt said.

Locations of the new plants, seven small projects and three large ones, follow: Crosby, Minn.; Chamberlain, S. D.; Las Vegas, Nev.; Batesville, Ark.; Philipsburg, Mont.; Delta, Utah; Cartersville, Ga.; Battle Mountain, Nev.; and two in Elizabethton, Tenn.

## Fall Of Dutch Islands Feared; Burma Menaced

News From Both Fronts Bad, United Nations Admit, Despite Desperate Fighting In All Areas; Many Cities Are Captured

### CHINESE RUSH INTO RANGOON STRIFE

Movement of Americans Indicates Attack On European Continent May Be Tried

BY LEO V. DOLAN

International News Service War Editor

Japan's sword of conquest thrust ever deeper into once-peaceful Java and blood-stained Burma today.

On both fronts the news is bad.

On the island of Java, desperately fighting United Nations forces are falling back under the weight of heavy assaults by numerically superior enemy forces which are being steadily reinforced. Overhead Japanese warplanes roam the skies with little opposition. Japanese warships control the sea approaches to the beleaguered island.

Batavia, the capital, and Surabaya, site of the great Dutch naval base, are definitely imperiled. At both Batavia and at Bandung, the steel claws of Japanese pinners are reaching out with menacing envelopment maneuvers while Surabaya is threatened by the fall of Bodjenogro just 50 miles west of the naval base.

Japanese penetration of strategic areas on Java continues in the face of repeated counter-attacks by the defending forces. These attacks have slowed down, but have not halted, the cruelly efficient mushrooming of original Japanese beach-heads over the countryside. In eastern Java, Solo and Bodjenogro have fallen while in the west the Dutch have evacuated Krawang, Poerwakarta and Tangerang. Solo lies almost exactly in the dead center of the island while Poerwakarta is on the main road half way between Batavia and Bandung. An official Dutch communique frankly admitted "the Japanese have numerical superiority and are advancing continually."

How long Java can hold out is problematical. Authorities at Bandung said the situation is "serious but by no means desperate," while an Australian newspaperman newly arrived at Sydney from the East Indies front pessimistically stated Java could not be held for more than two weeks at most.

In Burma, the situation also grew worse for British imperial forces. The British today were fighting a rearguard action against strong Japanese forces near Waw, about 70 miles north-east of Rangoon, following loss of their positions along the Sittang river. This stream constituted the (Continued on Page Two)

### INITIAL PLANE TURNED OUT BY CURTISS PLANT

COLUMBUS, March 5—A sleek aluminum bird with tireless, steel cylindered heart rested in its Port Columbus hangar today while skilled mechanics and keen-eyed engineers searched it for flaws after a maiden flight.

In aviation circles the bird is a Curtiss-Wright Seagull or SO3C-1 Navy scouting plane, the first to be produced at the huge \$14,000,000 Curtiss-Wright plant at Columbus.

After several days of "taxiing" tests along runways, Pilot Barton T. Hulise took the craft aloft yesterday while hundreds of employees breathlessly watched the product of their skill go through its paces.

When Hulise landed his report was: "Just another flight—with a good plane."

It wasn't much of a comment, observers thought, but they knew, too that Navy censorship didn't permit Hulise to say much if anything more. The Seagull is the first of thousands which will pour from the Columbus factory to serve as "eyes of the Navy" in its far flung sea operations against axis powers.

It will take off from and alight on the decks of cruisers and battleships and can be equipped with either wheels or pontoons for operations over land or water.

### NURSE'S ROOM DAMAGED BY FIRE IN HOSPITAL

## WAR VETERANS TO MEET WITH STATE PATROL

Corporal Abrams Confers With Commander About Emergency Unit

CONFAB IS SCHEDULED

Ex-Service Men Will Be Drilled In Various Phases Of Work

Cincinnati and Pickaway county veterans of the World War are being invited to become an auxiliary to the state highway patrol, and in order to get the ball rolling a meeting is being arranged for next Thursday night, March 12, at which time a representative of the patrol will appear before Legionnaires and others who served during World War I.

James T. Shea, commander of Howard Hall post, American Legion, conferred Wednesday with Corporal Ray Abrams of the Lancaster division of the patrol, and made final arrangements for the meeting to which all ex-service men will be invited.

Corporal Abrams said that the veterans would be trained for emergency work, devoting one evening each week to training in first aid, jiu jitsu and traffic control, so that in case of emergency the veterans can work with the highway patrol in whatever task may be at hand.

"Members of the auxiliary corps," Corporal Abrams told Mr. Shea, "will not be armed, nor will they wear any uniforms or insignia other than arm bands to show they are participating in home defense work. There is no pay for the service, but the type of work being offered will be considered a service to the government, both local and national."

Commander Shea said Thursday that Corporal Abrams informed him that a bill has been presented in Congress to protect volunteers who performed such work. In case of injury, Abrams was quoted, the government would compensate the volunteer under the proposed measure.

Whether the meeting will be held in the post rooms of Memorial hall or in the Legion's club-rooms, North Court street, has not been decided.

## TYPIST - CLERK NAMED TO AID RATION BOARD

Mrs. Leona Riegel of Cincinnati route 3 has been appointed, and will begin her work Monday, March 9. Her office will be in the courthouse.

The rationing board was originally set up to handle tires, but since that time rationing of other materials has been assigned to the organization, which is headed by Judge Meeker Terwilliger.

## HONOLULU SAYS AIR RAID MADE EARLY IN MORN

HONOLULU, March 5 — Army officials today attributed the three explosions which shook the Honolulu district early yesterday morning to a possible enemy air raid.

There had previously been no explanation of the explosions, which shattered windows in some sections of Honolulu and aroused an alert populace.

Medium sized bombs probably were dropped by an enemy plane to cause the disturbance, Army officials said. But there were no casualties and no damage was caused.

The apparent bombing marked the first enemy air activity in the Hawaiian area since the attack on Pearl Harbor December 7.

An Army statement issued Wednesday said:

"What was believed to have been an enemy plane flew over Oahu early today and dropped three medium-sized bombs on the outskirts of Honolulu at 2:15 a. m.

"The plane was flying at high

altitude. Where the plane came from is not known.

"There were no casualties and no damage other than several broken windows."

There was no definite indication today as to the purpose of the apparent attack, although there was some conjecture that it had been made for signal purposes or in an effort to damage civilian morale. A note of mystery was lent by the fact that the explosions occurred far away from any military or naval objective.

Unofficial reports said three small bomb craters had been found in an uninhabited district just outside Honolulu.

Just before the explosions occurred, an air raid siren had sounded, but there was no general alarm, and the alarm was said to have been due to "inadvertence."

## DAN MOORE ON JOB

## ORGANIST SAYS HE KILLED HIS FATHER, MOTHER

LOS ANGELES, March 5 — Courtney F. Rogers, 24-year-old intellectual and church organist, today was held by police after allegedly admitting that he had murdered both his parents.

Deputy sheriffs said Rogers confessed killing his mother, Mrs. Lillie Rogers, because he wanted to get property left her by her husband and because she "had an unhappy marriage."

The suspect said he slew his father, Courtney

C. Rogers, because of the latter's contempt for him, police said.

"I killed my mother," officers quoted the prisoner as saying, "because I had a bitter childhood, because I wanted to get the property—but most of all, because my mother had an unhappy marriage and I wanted to put her out of the physical pain she was suffering."

Young Rogers, investigators learned, harbored a bitter hate for his father. Behind the hate lay the story of a parent who, as a boilermaker, had little use for an artistically inclined son.

Although coroner's juries returned suicide verdicts in both deaths, that of the father was opened to further investigation

because of young Rogers' attempts to "get the property." The son was arrested on a fraud charge 10 days ago and the reputed murder confessions followed.

The elder Rogers was found dead in his burning home October 25. Three lighted candles were near the body.

### AMERICANS WIN PLAUDITS FROM BRITISH, IRISH

Second Expeditionary Force Arrives In Northern Eire For Combat Training

EQUIPMENT IS PRAISED

Size Of Soldiers, Quality Of Arms Prove Surprise To Allied Leaders

A NORTHERN IRELAND PORT, March 5—Thousands of fresh U. S. troops, composing the second expeditionary contingent to land in northern Ireland, were disposed throughout the six Ulster counties today to take up advanced training.

The new force, which arrived here recently, has joined British forces and the A. E. F., which arrived here January 26, for combat training.

British Tommies with whom some of the new American battle contingents are quartered continued to marvel at the modern equipment of the doughboys—the arctic boots, the heavy winter uniforms and unsurpassed Garand rifles.

Irish residents in the neighborhood of the American barracks talked of the large size and great energy of the soldiers.

Lieut. Gen. H. F. Franklyn, commander-in-chief of the British forces in northern Ireland, commended the appearance of the Americans after a visit to some of their camps.

"I have never seen a finer group of soldiers," he declared.

The U. S. naval units which brought the second A. E. F. contingent across the submarine-infested Atlantic waters duplicated the record established earlier, and did not lose a single man in transit.

### KAY KYSER BUSY

One of the busiest schedules faced by a bandleader in recent years is the one that Kay Kyser will fill next week. Kay will appear on Bill Stern's program Saturday, he'll bring his band to the "Spotlight Bands" program Monday, his regular "College of Musical Knowledge" broadcast will be heard Wednesday, and on Sunday, March 15 he climaxes the week by starring in "Silver Theatre" on CBS. As if that isn't enough he's squeezing in a trip to entertain the boys at Gardner Field Sunday.

"BOY, THIS IS SOLID COMFORT. WHERE'D YOU GET THE NEW FURNITURE?"

RADIO BRIEFS

When Phil Spitalny tours southern army camps with his orchestra one of the numbers he will feature will be "We Must Be Vigilant," which he introduced on his regular Sunday broadcast over the NBC-Red network. The number is really a lyrical interpretation of the famed "American Patrol" march which such bandleaders as Sousa, Pryor and Goldman featured for years.

Guest artists will be heard with Frank Black's orchestra on "For America We Sing" again next Monday. This week the guests were missing in order that fifteen minutes of the program could be allotted to Donald Nelson.

When Jack Benny broadcasts from the U. S. Marine Base at San Diego Sunday it will probably be

his last airing away from Hollywood for some time. He's due to start a new picture the following week.

Myrna Loy has been signed to star in "Another Language" on "Cavalcade of America" March 23.

Margaret Johnson, newest stooge on the Frank Fay programs Thursday nights, is the original Honeychile who used to be heard with Bob Hope.

MCCRADY ASKS MOTORISTS TO BE CAREFUL OF STAMP

Police Chief W. F. McCrady warned Thursday that motorists should be more careful of their automobile use tax stamps, because, in case of loss, there is nothing the police department can do about it.

Autoists should have their tax

stamps pasted on the inside of their cars so they cannot be removed, the chief said.

To date six motorists have asked police to help them find their stamps.

### NOW SHE SHOPS "CASH AND CARRY"

Without painful backache many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with a burning and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

# KIWANIS AID 4-H YOUTHS IN BEEF CLUB JOB

Civic Unit To Purchase Three Calves For Boys Chosen For Ability

K. BLAIR TO ASSIST

Applications For Project Go Into Mails; Program May Be Broadened

Three boys in Pickaway county, to be selected this month for outstanding work in 4-H club activities and rural affairs each will receive a steer to feed, care for and to sell at next fall's Pumpkin Show.

Such a plan was devised by the Circleville Kiwanis club committee on agriculture and public relations, which met in Betz' restaurant Wednesday. Applications were being mailed out Thursday to the rural youths. They must be returned by March 14, and the Kiwanis club will pick its three outstanding boys before April 1. This will enable the three selected to join the 4-H beef club.

County Agricultural Agent E. K. Blair will work with the Kiwanis club committee in making the selections. After the boys have been picked, calves will be purchased for each of them. During the summer the boys will feed and care for the calves and when the animals are sold, all profit above the original cost will go to the boys.

Herschel Hill, president of the Kiwanis club, said that if the plan worked out successfully, it would be broadened next year.

Members of the Kiwanis club agricultural and public relations committee include Homer Reber, chairman; Harold Limback, Elmon Richards, Glenn Marshall and John Dunlap Jr.

## YOUR FEDERAL INCOME TAX

No. 45

**ITEMS NOT DEDUCTIBLE**

Personal, living, or family expenses and capital expenditures are not deductible items in the computation of the statutory net income, whereas all the ordinary and necessary expenses of carrying on any trade or business are deductible.

In the event a taxpayer is engaged in an occupation which requires the use of equipment, as in the cases of Army officers, ball players, firemen, aviators, nurses, and surgeons, the cost of such is deductible only to the extent (1) that it is specifically required and (2) that it does not take the place of ordinary clothing. Thus, expenditures for the purchase and cleaning of jockeys' uniforms and baseball uniforms of professional baseball players and the cost of raincoats, boots, and helmets of city firemen and policemen are allowable deductions, while the cost of uniforms of Army and Navy officers, nurses, railway trainmen, barbers, and surgeons is a personal expense not deductible.

Among other nondeductible items of expense paid or incurred by taxpayers during the taxable year there may be mentioned premiums on life insurance policies, insurance paid on a dwelling owned and occupied by a taxpayer, amounts expended in seeking a position or in traveling to the place of a new position, commuters' fares, the cost of post-graduate courses, bar examination fees, expenditures for the maintenance and operation of an automobile used for personal convenience and not by reason of necessity in connection with a business, sums paid out as alimony and as an allowance under a separation agreement, penalty payments with respect to Federal taxes—whether on account of negligence, delinquency, or fraud—amounts paid by a parent to unemancipated minor children for services rendered by such minor children, and amounts deducted and withheld from the basic salary, pay, or compensation of employees in the civil service of the United States for the retirement fund or from the wages or salary of other employees as Federal old-age benefit tax.

No. 46

**ADDITION TO THE TAX FOR DELAY IN FILING RETURNS**

In the event of failure to make and file an income tax return as required by law within the prescribed time, a certain percent of the amount of the tax is required to be added to the tax unless failure to file the return within the prescribed time is shown to the satisfaction of the Commissioner to be due to reasonable cause and not to willful neglect.

The amount to be added to the tax is 5 percent if the failure is for not more than 30 days, with and additional 5 percent for each additional 30 days or fraction thereof during which failure to file a return continues, not to exceed 25 percent in the aggregate.

A taxpayer who files a tardy return and wishes to avoid the addition to the tax for delinquency must make an affirmative showing of all facts, alleged as a reasonable cause for failure to file the return on time, in the form of an affidavit which should be attached to the return. Alleged ignorance of the law does not constitute reasonable cause for delinquency.

Taxpayers should make every effort to file their returns within the time prescribed by law and thus avoid the possibility of the additions to the tax for delinquency in filing returns.

Movies Marshal Forces For Contribution to War Of Films, Men, Material

Ann Sheridan and Rita Hayworth

By WILLIAM A. RUTLEDGE III  
HOLLYWOOD, March 5—

Screen fare for 1942 will be permeated with the war enterprise of the United States government against her Axis enemies, a survey of the studios here disclosed. Not only will the war itself come in for dramatic delineation, but pictures slanted to an aroused and armed people will have the right-of-way on the production schedules for the New Year.

Jack Warner, generalissimo of the great Warner Brothers studios, sounded the keynote of the film industry when he declared, "Our production plans will be dovetailed with the plans of the American government. Warner will carry on its usual production activity during the coming year, providing the public with the best entertainment it possibly can. Our objectives strive to make good pictures and have particularly attempted to produce films that will supply additional courage, contentment

and inspiration to the average man, woman and child."

Paramount's picture, "Pacific Blackout" starring Bob Preston and Martha O'Driscoll, is now ready for release. The same studio is marshaling its best talent to make "Wake Island" one of its foremost productions in '42. The script for this story of the resolute resistance put up by a handful of marines on the Pacific island outpost has been assigned to W. R. Burnett, famous as the author of "Little Caesar." Fred MacMurray and William Holden have been handed the starring roles.

"Salute to Tobruk," suggested by the British Broadcasting company's program from London on the besieged garrison in Libya, will go into production at Columbia studios early in the year with an unannounced all-male cast. Prisoners aboard a Nazi ship will provide the story material for Twentieth Century-Fox's ambitious film, "Prison Ship," which has been assigned to Producer Bryan Foy for immediate undertaking. The same studio has scheduled a picture to depict the war in the Mediterranean, "To the Shores of Tripoli," which is being hurried before the cameras with a cast headed by Randolph Scott.

"Remember Pearl Harbor" is going before the cameras at Republic, breaking that studio's taboo on war pictures. Albert J. Cohen picked the story right out of the headlines within a few days after the Japanese sneak onslaught on the Pacific stronghold of the United States and has been assigned as an associate producer.

Comedies, Too

Harold Lloyd, bespectacled comedian of the post-war era, has come out of retirement with plans to produce three comedies during 1942, the first of which is now under way, "My Favorite Spy," featuring Kay Kyser in the role of a befuddled espionage agent caught in the webs of international intrigue. The survey of filmland revealed that a great deal of emphasis will be placed on getting the audiences to pack away their troubles in "the old kit bag and smile, smile, smile."

The South Sea Isles will provide the background for a number of light-hearted pictures for the war-tense public. "Song of the Islands" will be an early release from Twentieth Century-Fox studios. Dorothy Lamour will go before the cameras at Paramount in an exotic role, "Malaya." The "Tuttles of Tahiti" will soon be ready for release at RKO-Radio. The mood of merriment will be induced by "Honolulu Lu," which will come from Columbia studios, starring the fiery Lupe Velez.

As a consequence of the war situation, feminine stars will be emphasized in films, Michele Morgan, a refugee from prostrate France, has proven her mettle in two pictures at RKO-Radio and is tabbed for headline parts during 1942. At Warner's two actresses, Joan Leslie and Alexis Smith, will be hoisted to heightened prominence. The former captured her spurs as a star in the

way of trained and talented man-power.

The government already has surveyed the prospect of using the finely-attuned machine shops of the studios in defense production by a force of night workers. Two studios, Twentieth Century-Fox and Republic, have been disarmed of the large quantity of war material which they had on hand for picture-making purposes.

Production of war pictures will be hampered somewhat by strict government regulations on southern California against filming of airplane and navy activities. All civilian flying has been abolished. The studios have placed a strict ban on visitors and have greatly increased the size of the police force patrolling their properties.

# Parking Meters Go Into Operation in City's Business Area

## DEVICES PLACED ON COURT, WEST MAIN STREETS

Council Orders Immediate Trial Of Equipment In Uptown District

POLICEMEN ARE READY

Engineer Advises Nothing Be Done About East Main Street

One hundred parking meters in downtown Cincinnati were put in operation at 9 a. m. Thursday, less than 18 hours after the last meter had been installed.

Meters will operate each weekday from 9 a. m. to 6 p. m. and on Saturdays from 9 a. m. to 10 p. m. They will not be used on Sundays or holidays.

Action to place the meters in operation immediately came at a council meeting Wednesday night when it was decided that any delay in starting the meter program was unnecessary. Meters are located on Court street from Franklin street to Watt street and on Main street from Scioto street to Court street. There are no meters on East Main street or on East Franklin street, as was originally planned, since James Logan, engineer in charge of their installation, felt that the meters would be more effective if placed elsewhere.

**Free Space Studied**  
Free space for taxicabs, delivery trucks and other such vehicles is yet to be worked out. The matter was referred Wednesday night to the council's service committee and the service director.

Motorists will pay one cent for 12 minutes parking, two cents for 24 minutes, three cents for 36 minutes, four cents for 48 minutes and five cents or a nickel for an hour.

Police Chief William McCrady told council that his department is ready to enforce the meter regulations. One of the members of the police department yet to be designated will check the meters and wind them twice a week. Verne Pontius, radio technician and special policeman, probably will service the meters and look after their mechanical repair, Chief McCrady said.

During the six month trial period, the city will receive 25 percent of the revenue collected in the meters and the meter company will receive 75 percent. The money will be handled through the office of City Auditor Lillian Young.

Council accepted and made arrangements for its advertising a petition vacating the south half of Pearl street from Washington street to the J. W. Eshelman and Sons plant.

The petition was filed by J. W. Eshelman and sons company which plans to build an extension on one end of its plant.

Monthly reports of the mayor and the safety director were read during the council session.

Mayor Gordon's report for February showed fines totaling \$36.50, licenses, \$2; bonds, \$307 for a total of \$345.50.

Safety Director Ernest Weiler's report showed collections for Berger hospital for February to total \$987.49.

Finance report showed balance in all funds as of March 4, as follows: general, \$3,733.83; library, \$2,323.20; sewage disposal, \$7,372.21; auto street repair, \$3,111.58; gasoline, \$5,540.18; hospital, \$103.95. Total in all funds, \$21,977.05.

## Charter Requested For Ashville Scout Troop

That Boy Scout troop for Ashville, talked of for some time, will now very soon be a reality and exist. And this is sure fine, Charles Eversole, our seventh grade school teacher and a demonstrated past master with youngsters, has been chosen as scout master. And if we "got straight" what the Rev. David Woodworth told us over the phone, a charter already has been applied for and soon we'll be having a Boy Scout troop of some thirty members ready and willing to do a good turn or two every day.

Handy youngsters to have around when a lot of things need doing with everybody too busy to do anything except these service jobs.

Away down in the hills some 60 miles or more the rain had been coming down for near an hour and as a result streams were on the move plenty strong. And in the middle of one of them was an aged auto and driver, spark plugs dead as the door nail you've heard 'em talk about. And right then appeared the finest bunch of lads ever it has been our luck to gaze on.

"Sit still, Mister, we'll get you out," they said. And they did just that. Tried to pay them for their fine deed but nary cent would they accept. "We are Boy Scouts," they said, and this is one of our good turns for today.

We sure did agree with them and have been quite strong for the Scouts and their fine service ever since. And for a really good reason.

even allow rubber for the tires of defense workers, some of whom will be living in new defense housing projects built ten miles from factories "because the air is better."

### JESSE JONES SYNTHETIC

Also the Truman Committee finds there is grave doubt regarding the accuracy of Jesse Jones' estimates on synthetic rubber. Real fact is that Jesse has given three different sets of figures. At first he grandiloquently announced he would have 400,000 tons of rubber "production" by June 1943. Then appearing privately before the Truman Committee, he was much more modest and merely promised 400,000 tons by December, 1943—six months later. Then a few days afterward, he reduced his estimate once again, telling the House Appropriations Committee he would have 500,000 tons of "productive capacity" by January 1, 1944.

"Productive capacity" is a lot different from "production." Productive capacity, merely means that the machines are ready to start operating. Thus we face a gap during the year 1943 with virtually no rubber added to the stockpile except what we can get from the wild rubber forests of Brazil. This may be all right for the civilian population which already is forming "Jesse Jones Walking Clubs," but for the war machine it is another story.

### WHAT THE DOCTOR ORDERED

The other day Harry Hopkins had a visitor in the person of Aubrey Williams, head of the National Youth Administration, who has been one of his closest friends for many years.

"Harry," said Williams, looking around the room in the Naval Hospital, "how many bottles of medicine have you got there?"

"About eighteen," replied the lend-lease administrator.

"About eighteen too many," commented the National Youth Administrator. "And how many doctors have you got?"

Hopkins told him.

"Well, Harry, what's the use of your fooling around with all these doctors and all this medicine," said his friend. "You know that the more doctors you have the more this whole thing gets on your nerves. Now there's only one doctor who really knew what ailed you, and that's Andy Rivers out at Mayo's in Rochester. Why don't you have Dr. Rivers come east and get you fixed up?"

Harry Hopkins acted on his old friend's advice, sent for Dr. Rivers, and now is out of the hospital.

He says he has forgotten about medicine and doctors, and feels better than he has in months. Furthermore, Dr. Rivers has told him that without any question he can recover entirely.

## COUNCIL VOTES WOLF SALARY OF REGULAR CHIEF

Three ordinances were introduced in city council Wednesday night, two of them being passed under suspension of rules and the third being given first reading.

One of the ordinances voted an emergency measure grants the acting fire chief the salary of the regular fire chief. Since Robert Wolf has been acting as the city's first chief during the absence of Talmer Wise, he has been receiving the salary of regular fireman, which is \$100. The ordinance will increase his salary to \$120, that of the regular fire chief, and provides for another regular fireman to be appointed to fill his place. The appointment of another regular fireman cannot be made until the civil service commission meets to consider the matter, Mayor Ben H. Gordon said.

A second ordinance passed under suspension of the rules raises the maximum penalty for gambling from \$50 to \$500. Under the new ordinance, devised to comply with state requirements, those charged with gambling may be fined from \$10 to \$500, the amount being set by the mayor.

At the present time, three local men pay \$50 gambling assessments at police headquarters each month. They are Wayne Leist, Don Morris and Clyde Weaver.

A third ordinance was given first reading. It provides for an increase in the police department to seven members, six patrolmen and a chief, and would become effective as of last January 1.

At present there are five regular patrolmen and the chief on the force.

## DARBY TWP. SCHOOL NEWS

The state highway patrol presented a program to the school assembly on February 20. Two pictures were shown and a short talk was given following the pictures. The entire program had to do with safety on the highways. Mr. Schmieg had charge of it.

The Trojans lost their game in the second round of the county basketball tournament. They were defeated by Pickaway by the score 20-26. It was an excellently played game on both sides, but the Trojan boys missed too many shots at the basket. Deercreek had been defeated rather decisively in its first round of the tournament.
